The National Museum of Racing and Hall of Fame is pleased to launch a brand-new, FREE educational program to get kids excited about reading: Readers Up!

We want to remove barriers to learning and bring the Museum experience into the classroom. Readers Up! will use Museum resources to ground stories in tangible history and connect students with the sport of thoroughbred racing.

HOW IT WORKS

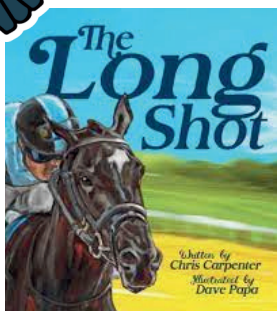

Step 1: Teachers select one of the three books below based on grade level.

Step 2: The Museum will mail or drop off, depending on location, up to 30 copies of the book to your school for temporary use.

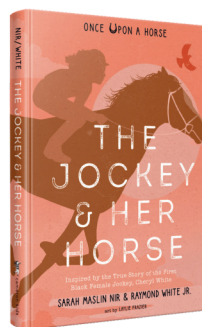

Step 3: After your class has read the book, the Museum Educator will visit the class, either in-person or virtually. This visit will include an interactive discussion and a presentation of artifacts from the Museum related to the book.

Step 4: The books return to the Museum, either picked up in-person or mailed back to us. It's that simple!

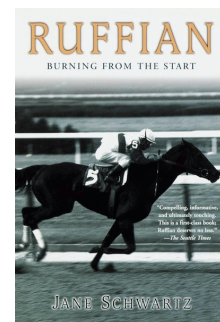

THIS ENTIRE PROGRAM IS FREE OF CHARGE AND A SERVICE OF THE NATIONAL MUSEUM OF RACING AND HALL OF FAME FOR SCHOOLS IN SARATOGA AND BEYOND! CALL NOW TO RESERVE YOURS TODAY!
